Flagship corridor asset: 38.5 deed acres under GMA Agriculture with certified water rights and south-facing Mt. Hood and Columbia views. The 5,800 sq ft custom residence is sited for visual subordination under CRGNSA review — non-reflective finishes, earth-tone palette, and a low-profile roofline screened by retained oak grove. Established vineyard blocks (11 acres), climate-controlled farm shop, and a fully entitled second homesite make this the benchmark agricultural compound in the National Scenic Area.

NOI – note carry

CASH-ON-CASH

-25.8%

on the down stroke

Negative leverage: the 6.50% note outruns the 1.9% NOI yield by **\$250k / yr** — the bet rests on the 5.6% appreciation engine, not rent.

🐟 20-YEAR EQUITY RUNWAY · WHITE SALMON CAGR 5.6%

🕒 2026\$

VALUE 2046

\$14.42M

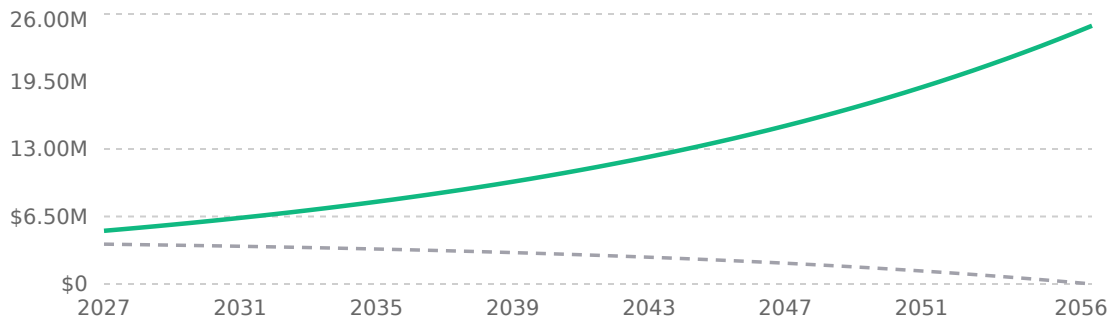

LOAN BALANCE

-\$2.16M

EQUITY

\$12.26M

On a \$970k down stroke, that is a **12.6x return of equity** — appreciation accrues to the levered position while the note amortizes.

2056	\$284,186	\$10,105	\$4,948,726	—

Principal & interest only — taxes, insurance, and any WUI riders stack on top. The interest column front-loads hard in the early years; extra principal payments attack it directly.

Estimates only — tax blends approximate Gorge county effective rates; insurance heuristics exclude flood/WUI riders. Verify carry with a local lender.
